

Single Roll Toilet Paper Dispenser

This sleek and economical single roll toilet paper dispenser with a self-locking mechanism boasts a heavy duty construction for lasting durability.

This single roll toilet paper dispenser is made of stainless steel with a polished chrome finish. It features a front loading design with tension springs to reduce paper consumption and prevent free-wheeling. Durable and cost effective, this dispenser is compatible with all standard toilet paper rolls. Also available in a [Double Roll Toilet Paper Dispenser](#) format, which is ideal for commercial and institutional applications.
